Instructions for teachers and lecturers

Before candidates start the assignment, you must download the following e-files and make them available to use. You must keep the e-files secure and candidates must not access them in advance of assessment.

- **Task_1b** — a word-processing file, it may be used with task 1(b)
- **Task_2** — a spreadsheet file with one worksheet, it must be used with task 2

Templates must not be amended. Candidates must not adapt the e-file for task 2; for example, adding or deleting columns or rows or changing printing settings.

Candidates must include their name, Scottish Candidate Number (SCN) and task number on all printouts submitted. This can either be keyed-in or handwritten.

Teachers and lecturers must not write notes on candidate evidence. If any of your candidates experience ICT issues during the assignment, you can report these to SQA using our online ICT issues form. The form is available from our secure website.

At the end of the assignment, candidates must check they have all their pages or printouts and place them in the correct order behind the flyleaf. Teachers and lecturers should support candidates with this at the end of the assessment. Additional time is permitted for printing. Candidates are permitted to reprint missing pages during this time but they must not complete any further tasks.
