Local businesses will pay £100 to advertise at the Open Day. If a business offers placements, they will get a discount based on the number of students. Placements with up to 10 students will get a 10% discount, more than 10 students will get a 15% discount.

Management have asked how much we will make from advertising. Complete the spreadsheet showing the income from each business and complete the summary sheet. Print a value and formula view of each sheet.

I have made a start to the New Student Guide. Please action the comments I have made.

Add a contents page after the front cover as a page on its own. Those items underlined should be main headings and those in bold should be sub-headings.

Convert the costs in Student Finance section into a table. Add a row at the bottom to calculate a total cost per week.

I would like a footer added to the document, apart from the front cover:

- page number in the centre of all pages
- college name on left-hand side of even pages
- college name on right-hand side of odd pages

Please add the following text about Course Fees.

You can apply to SAAS based on residency. To meet their general residence conditions, you must:

- be ordinarily resident in the United Kingdom, the Channel Islands or the Isle of Man for the three years immediately before the relevant date, and
- have 'settled status' in the UK (as set out in the Immigration Act 1971) on the relevant date, and
- be ordinarily resident in Scotland on the relevant date.

Add the quotes given as Advice for New Students. I would like these to be presented in speech bubbles.

Please print when complete, ensuring all comments have been removed once actioned.

Thanks

Simone
