Assignment
Assessment task — Kilcarthy Pipe Band

Finalised Marking Instructions

© Scottish Qualifications Authority 2024

General marking principles

Always apply these general principles. Use them in conjunction with the detailed/specific marking instructions, which identify the key features required in candidates' responses.

a Always use positive marking. This means candidates accumulate marks for the demonstration of relevant skills, knowledge and understanding; marks are not deducted for errors or omissions.

b If a candidate response does not seem to be covered by either the principles or detailed/specific marking instructions, and you are uncertain how to assess it, you must seek guidance from your team leader.

c Candidates gain marks for specific skills, knowledge and understanding. Award marks for using different functions and features of a variety of IT applications in the following areas:

Spreadsheet — 20 marks (+/- 4 marks)
- ♦ using a range of simple, complex and advanced formulae to perform calculations and summarise information
- ♦ using a range of simple, complex and advanced functions to manipulate and analyse information

Database — 20 marks (+/- 4 marks)
- ♦ searching and sorting information using a range of criteria
- ♦ presenting information

Word processing — 20 marks (+/- 4 marks)
- ♦ layout and presentation of information
- ♦ integration of information from other IT applications

Communication — 10 marks (+/- 2 marks)
- ♦ presenting/disseminating information to different audiences

d **Layouts**
Marks will be awarded for a wide variety of layouts used in word processing and desktop publishing tasks. Candidates will not be penalised for applying a layout to a document that is different to one that has been supplied in the detailed Marking Instructions. The over-riding principle is that a document must be 'fit-for-purpose'.

e **Formulae**
It is possible for candidates to use a variety of different formulae to resolve the problem and provide the information needed in the spreadsheet. Marks will be awarded where a formulae has been used that provides the correct answer, the formulae provided in the Marking Instructions is not the only correct answer.

f **Printouts**
Candidates are clearly directed, within the instructions, as to the printing requirements. Where a printout for a task is missing, marks will be awarded on any available alternative printout.

Looking for more resources? Visit scotpapers.com – Scotland's #1 Past Paper Archive

g **Keying-in**
Marks will be awarded for every block of text that is accurately keyed in. This will be for approximately every 25 words. Flags may be included where appropriate to identify where marks are awarded.

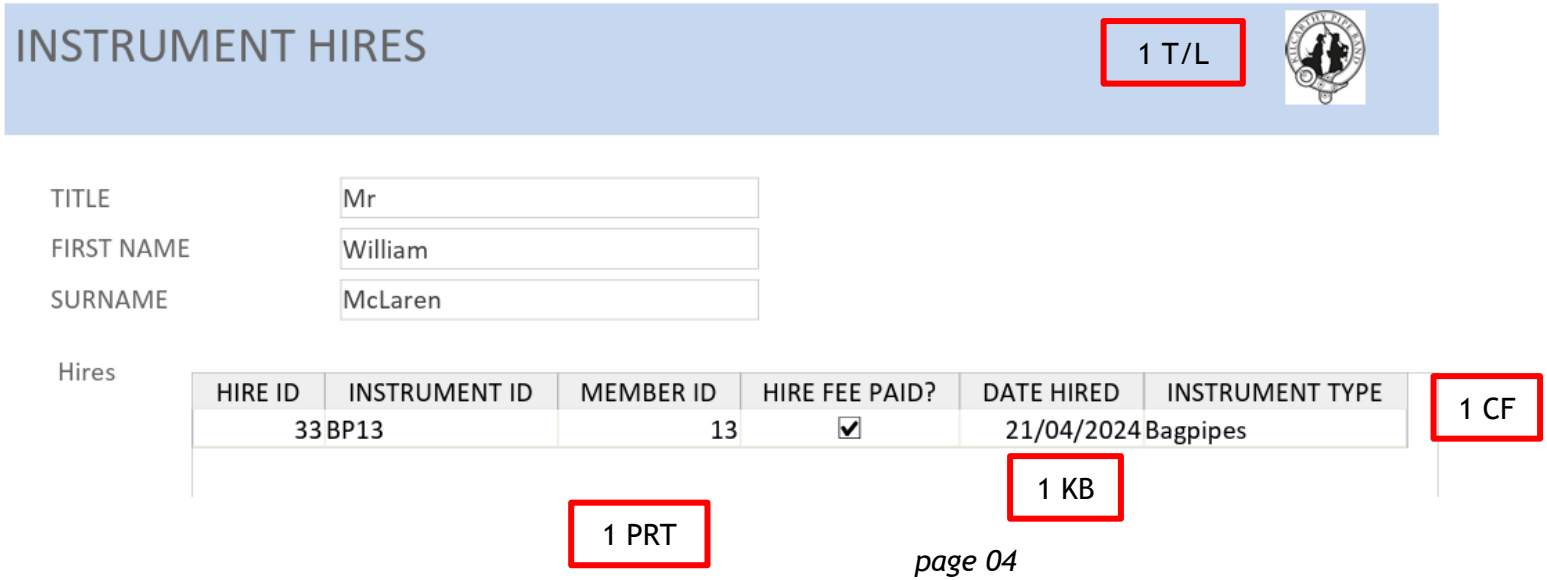

h **Marking codes**
Marking codes may be provided in the marking instructions for markers to use to identify what they are awarding marks for, for example F – formula, L – layout, to help with the quality assurance of marking.

KILCARTHY PIPE BAND

INTRODUCTION

Welcome to Kilcarthy Pipe Band's AGM. This report which has been sent out to all members is quite comprehensive and we will work through each section of the report in detail during the meeting.

It is proposed that next year's AGM will take place on Thursday 8 May 2025 at 7 pm in the Scout Hall.

SECRETARY'S REPORT

We only received one nomination for Pipe Major, proposed by Colin Simpson and Margaret McNair. This will be accepted and Michael Young will continue in his current role as Pipe Major.

Chloe Reid has intimated that the list of registered players is up-to-date, with a couple of transfers in and out. Chloe has also processed several new younger members which is very exciting for the future of the band. 1 J

Chloe has also informed the band that she is now a member of the Management Committee of the RSPBA which will mean that the band will have a bigger say in the West of Scotland branch.

Chloe has agreed to continue the role of Secretary for next year.

TREASURER'S REPORT

Financial records are currently up-to-date and were submitted on time to OSCR[1]. The band is in a healthy position at present, but we definitely need to investigate new ways of generating income. This will be discussed in more detail during the meeting.

All the accounts are available to view for all members – please see Donnie Livingstone if you would like a copy. If you have any questions regarding the accounts, please contact Donnie.

PIPE MAJOR'S REPORT

Michael Young sent thanks to the Office Bearers and Committee for all their hard work throughout the year. He also personally thanked all the band tutors as, without them, the band wouldn't be where it is today in terms of achievements.

Michael stated that becoming world champions at Grade 4B was an outstanding achievement and has been the best year ever for winning trophies – 13 in total.

The pipe band is always looking to the future – with every session we deliver, lessons to our members and through the competitions we enter – Michael is determined to ensure that we keep improving and, hopefully, will continue to welcome new members to the band.

[1] Accounts officially submitted as registered charity SCO22693 1

Total	**19**	

KILCARTHY PIPE BAND

1

FUNDRAISING

Although the band's financial accounts are in a healthy position, there is always scope for more fundraising. The committee is always looking for suggestions for activities/events – please pass ideas to Donnie Livingstone. This year, some events included: bag packs, Christmas Fayre, Christmas Hampers and a Quiz Night.

We are thinking of offering a subsidy this year to some pipers and drummers in order to provide some financial support. It is our hope that we can include more band members next year, but we will need to raise more money to help with this.

BAND POLO SHIRTS

It was decided at the last committee meeting that each playing member would be supplied with a grey polo shirt, displaying the band logo, as part of our uniform.

1

We are looking to secure a sponsor to contribute to the cost of the polo shirts. So, if anyone has any business contacts who may be willing to help, please speak to any committee member. There will be the opportunity to have their name/logo printed on the shirt.

1

1

BAND RECRUITMENT

We currently have 50 fee-paying members in the band. Whilst this is a good number, it would be beneficial to recruit more adult and youth members. The information below shows our current number of members and total fees:

MEMBERSHIP TYPE	NO OF PEOPLE	TOTAL INCOME FROM FEES
Adult	15	£2,550
Senior	22	£2,640
Youth	13	£1,040
Overall Total		£6,230

1

It is our intention to start a recruitment drive in the next few weeks. Lauren Hardie has volunteered to oversee this – please contact her if you have any ideas or would like to help.

SUMMER SCHOOL

This year, we are delighted to announce that we will have 30 young people (some already members) receiving tuition from members of the band during the summer school from Monday 29 July 2024 – Friday 2 August 2024.

These students have a range of experience from never having played an instrument to being very competent on pipes and drums. Students will have the opportunity to learn all 4 instruments: pipes, side drum, tenor drum and bass drum.
